The Greatest Clearing Sale Moose Jaw has ever seen

WILL COMMENCE AT

T. W. ROBINSON'S,

ON TUESDAY, JULY 3RD.

In view of the hard times prevailing at present we have decided to make a cheap clearing sale during the months of July and August. We are overstocked and must unload. We have lots of odds and ends that we are willing to sell at cost and in many instances for much less than cost for **Spot Cash Only.**

In Dress Goods

We have of single width goods, some of them all wool, that we must sell, (the prices will astonish you) White Dress Muslin from 8 cents up. Flannelettes away down. Ladies' Blouses from 50 cents up.

In Towels

We have a big range and must reduce the stock; we will give you a good Table Linen, double width, for 19 cents.

In Crockery & Glassware

We have far too much and they must go out for Cash.

In Boots & Shoes

We are overstocked and we have picked out several lines of good ones but rather slow selling. Call and see the prices and you will be sure to buy. We will show you remnants of all kinds of yard goods.

These special sales are for **SPOT CASH** only, we want the money and you want the goods, make your money tell. Ask for prices of any kind of goods; we will be glad to give them.

T. W. ROBINSON.

I. M. CHALMERS

SEASONABLE GOODS FOR SUMMER.

In each department the above is complete.

Our stock of **BOOTS AND SHOES** is second to none. The growing tendency of our trade in this line is due direct to the Manufacturers. Those who wear McPherson's shoe once prefer no other; they are composed of excellent material, give good service, fit well and give the foot an appearance of neatness.

FRUITS IN SEASON.

In our Grocery Department we have added a new line, we purpose keeping all kinds of fruits in season. At present we have St. Michael Oranges 35 cents per doz., Messina Lemon 50 cents per dozen, Bananas 40 cents, California Honey in Comb, Pie Plant, Cabbage, Etc.

I. M. Chalmers.

A splendid lot of oak sideboards, bedroom suits, and secretaries now in stock, also lounges, parlor suits, easy chairs, dining chairs, springs, cotts, mattresses and all kinds of staple and fancy goods. Undertaker's supplies always on hand.

J. NO. BELLAMY.

MOOSE JAW CREAMERY.

A Great Success.—The Lactal Fluid Pours in in Great Quantities.—6,000 pounds of Milk Delivered at the Factory Last Saturday.

The Moose Jaw Creamery is now in full swing and running to its highest capacity. The farmers and citizens of the Moose Jaw District are to be congratulated on the very favorable results of that new enterprise. There were many difficulties to be surmounted before active operations commenced and it is now an assured fact that the Moose Jaw Creamery has come to stay. From present indications, if the generous flow of milk keeps up, it will result in about \$1500 or \$2000 per month going into the pockets of the farmers and will bring comfort and prosperity to many a heart struggling on the prairie waiting for a turn of the tide. The introduction of this branch of mixed farming into the Moose Jaw District is an earnest of better times for men who have hitherto staked their all on a crop of No. 1 hard, sometimes successful in having a crop and sometimes otherwise. The monthly payment system to be adopted by the Government, acting on the advice of Prof. Robertson, will be a great boon to the patrons of the Creamery who might otherwise be compelled to wait to the latter part of the fall before the bulk of the butter could be sold and the money paid to the producers, who are at the present time in need of ready money and cannot obtain it from any other source or until the harvest is assured. There is room for more Creameries in the Moose Jaw District. From the present outlook it will take two more Creameries of equal capacity to the present one to meet the requirements of the patrons. Creameries might be established in the Coventry settlement to the South East, at Caron in the West and in the Qu'Appelle Valley to the North West. These are all great grass producing districts and possess excellent water. We believe it is the intention of the Canadian Pacific Railway Company to build, equip and rent a number of Creameries throughout the North West Territories. If this be so, application should be made by those interested to induce the Railway Company to establish one in this District as the interest of the Company and that of the farmers is inseparably connected. We trust that the Creamery butter produced at the Moose Jaw factory will achieve a more than local renown and that the Moose Jaw District will be noted for producing the finest butter, as it does the finest wheat, in the North West Territories.

OUR REGINA LETTER.

An Entertaining Budget From Our Own Correspondent.

REGINA, June 26.—The many admirers of THE TIMES are glad to learn that it will resume publication immediately, and wish it every success and a long life under its new management.

The farmers in this vicinity are praying earnestly for rain as Wellington did for B. cher. It is to be hoped that their prayers will be as successful.

Building operations, though late commencing, are being rapidly pushed. Three buildings are now rising Phoenix-like from the eye sore which has for so many months past been the principal view from the Palmer House. Messrs. Mowat Bros. & Baxter, G. McL. Smiles and E. McCarthy, emphasizing their faith in Regina's future, are erecting handsome brick stores on Broad street; and Eddy & Brown are putting up a fine brick store on South Railway street. There are also several private residences under way, and the new court house is rapidly approaching completion.

Dr. Willoughby arrived from the east on Sunday last, as also did Mrs. Corporal Doyle from your town.

LACROSSE.

Many of the best judges of lacrosse who witnessed the game here on Saturday last between the Moose Jaw and Regina teams, consider that, though unfortunate, your team was the better one. The game was unquestionably the best exhibition of the national game ever seen here. Certainly neither team was ever in better form or ever put up better lacrosse. Both in respect to individual playing, showed great improvement over last year; yet there is still room for improved team work. Your correspondent was pleased to notice that these clubs have grasped the fact that lacrosse can be a sustaining game, as a pastime, degen-

ate into a Donybrook fair rough and tumble. There was a commendable absence of "slugging," and consequently no serious injuries; hence the referee had no deliberate fouls to punish. But the ground was in an execrable condition, being very rough, full of badger holes and hummocks. Owing to this, in scrimmaging for the ball, Smith and Strimington of the visiting team came to grief, the former wrenching a knee and the latter spraining an ankle. These accidents weakened the Jawites and very materially affected the result of the game, as previous to them the home team, though playing a hard and plucky game, did not appear to be "in it."

It is expected that a large number of excursionists will accompany the Regina lacrosse club to Moose Jaw next Monday.

CAPITAL.

Dominion Day Programme.

Monday, July 2nd, will be observed as a holiday by the citizens of Moose Jaw in commemoration of the federation twenty-seven years ago of the provinces of Canada into one fair dominion, and our people, like all true Westerners, being great admirers of skill in athletics and out-door sports will not lack entertainment upon the occasion.

One game which is certain to attract a crowd of spectators will be the RETURN LACROSSE MATCH between the Capital Lacrosse club, of Regina, and the Moose Jaw twelve.

A CRICKET MATCH

will also be played between a town eleven and a team from Buffalo Lake, commencing at ten o'clock. In addition to the foregoing the members of the Gun Club will hold

A SHOOTING COMPETITION

at the traps for three prizes—one gold and two silver medals. In the evening at nine o'clock

A GARDEN PARTY

is announced to be held at the residence of Mr. T. W. Robinson, under the auspices of the Ladies' Guild of St. John the Baptist's Church, where some hours of choice entertainment and lively enjoyment are assured. Let all our townspeople and all our country people as well as their hollattire on Monday morning, and by their presence, applause and cheers add such zest to the sports and entertainment that the day will be long remembered with pleasurable emotions.

Getty-McCartney.

Wednesday afternoon the Rev. A. Jeffrey tied the indissoluble knot which binds for better or for worse Mr. Thos. Getty and Miss Kate McCartney and the twain were made one. The marriage ceremony was solemnized at the residence of Mayor Gass, the guests being confined to members of the families of the bride and groom. Miss Maggie Getty was bridesmaid, and the groom was supported by Mr. Robt. McCartney. After partaking of a wedding supper at the residence of Mr. J. McCartney, the party repaired to Mr. Gass' country house, and were joined by a number of invited guests. The festivities wound up with a delightful dance, and another beautiful morning had dawned ere the enjoyment ceased. THE TIMES joins with the many friends of Mr. and Mrs. Getty in extending to them the very best wishes at this felicitous time.

The North-West Bill.

In the House of Commons on Monday Mr. Daly introduced a bill in lieu of bill No. 133 on the order paper to amend acts respecting North-West Territories which was withdrawn. The new bill gives the North-West Assembly power to incorporate tramway or street railway companies. The sixteenth clause of the act is repealed. It gave power to the Lieutenant-Governor to pass ordinances in respect to the administration of justice. There was no necessity for the clause. Judges from whose decision an appeal is taken shall not sit in terms to hear the appeal. At present the Lieutenant-Governor fixes the fees of sheriffs. This bill gives the power to the Assembly. No person shall be appointed police magistrate unless he has resided in Canada for three years. At present the right to challenge jurors peremptorily was confined to cases of treason or offences punishable with more than five years' imprisonment. This bill extends this right to cover all cases. The question has been raised as to the jurisdiction of the North-West courts as to alimony. This bill settled the doubt. At present the closing up of a road was required to be done by the Assembly. This bill enables the Lieutenant-Governor with the assent of the Governor-General in Council to do it.

A BRILLIANT WEDDING.

The Nuptials of H. H. McCulloch and Elizabeth Smith Celebrated in St. John the Baptist's Church.

St. John the Baptist's church presented a brilliant appearance on the evening of Wednesday, June 20th. The sacred edifice was decked out in flowers, and the appearance for the first time of a beautiful new white altar frontal, the gift of friends of the parish in England, betokened an event somewhat out of the ordinary. The occasion was the marriage of Mr. H. H. McCulloch of Calgary with Miss Elizabeth Smith, daughter of the general proprietor of the C.P.R. dining hall.

At half past eight o'clock the doors were thrown open and the somewhat difficult task of seating the crowd commenced. It taxed the seating capacity of the church to the utmost, but the ushers in charge, Messrs. Marshall and Lang, performed their duties so efficiently that the best of order prevailed and every inch of room was utilized. The first seats were reserved for the wedding guests, some forty in number. During this time the organist, Prof. W. G. A. Ball, played several beautiful and appropriate compositions.

Shortly before nine the bridegroom accompanied by Mr. C. W. Milestone entered the church, and stationed himself near the altar to await the coming of his bride. A few moments later the bridal party entered the church and the congregation rose and joined in singing the well known hymn, "The Voice that Breathed in Eden." The party advanced to the altar. First came Rev. W. E. Brown, the incumbent, and Rev. H. J. Bartlett, rector of Regina. The bride was preceded by four maids of honor, little Misses Belle and Grace Baker and Edna and Bessie Robinson. Miss Smith was led to the altar on her father's arm, and the bridesmaid, Miss Annie Smith, took her place beside. As the sweet strains of the hymn died away, Rev. Mr. Brown commenced the beautiful and impressive marriage service. After he had pronounced them man and wife, the Rev. Mr. Bartlett pronounced the blessing and the choir sang the "Deus Memento." This was followed by the hymn "Pleasant are Thy Courts Above." Rev. Mr. Brown pronounced the final blessing, and the wedding party left the church to the strains of Mendelssohn's wedding march.

The bride was beautifully dressed in white moiré antique with bridal veil which was fastened with a diamond crescent. Miss Annie Smith, the bridesmaid, wore white silk. The little maids of honor were charmingly dressed in white and carried baskets of flowers. Each wore golden bracelets, which were gifts of the bridegroom. Both the bride and bridesmaid carried bouquets of roses.

A RECEPTION

was held at the dining hall at 9:30, when a large number of friends extended their good wishes to Mr. and Mrs. McCulloch. The wedding guests then sat down to a magnificent supper. After ample justice was done to the viands Mr. Milestone proposed the life-long happiness of Mr. and Mrs. McCulloch. Mr. McCulloch replied briefly. The health of Mr. and Mrs. Smith was then drunk, and Mr. Smith made a happy reply. The health of the bride and maids of honor was proposed by Mr. Lang and responded to by Messrs. Gordon and Stone. The ceremony of cutting the wedding cake was observed in due and ancient form. Dancing then commenced and was kept up unabated until the arrival of the west-going express. One of the features worthy of note was a set of lanterns in which the little maids of honor figured. The little girls went through the figures with an ease and grace that called forth the plaudits of everyone present.

On the arrival of the train the bride appeared dressed in a beautiful grey travelling dress. Good wishes were again exchanged, and amid the cheers of the crowd on the platform the train started, bearing Mr. and Mrs. McCulloch to their home in Calgary. Railroad torpedoes lined the rails for a considerable distance and a perfect fastlane was kept up. A number of locomotives in the yard gave the "hip, hip, hurrah," and this was answered by the engine on the express. Cheering and the waving of handkerchiefs were kept up until the train paled round the curve, and a spectator on the platform created much merriment by saying "let us now resume the stern realities of life."

The Moose Jaw Times.

FRIDAY, JUNE 29, 1894.

VOLUME VI, NO. 1.

THE TIMES had its birth in Moose Jaw just six years ago. Twice during that time the ownership has changed, the latest change having been consummated since last publication.

When last week THE TIMES was placed on the market it was realized that the field and the opportunity were good. We embraced the latter and will do our utmost to supply the requirements of the former.

Our purpose is not to give ourselves an elaborate introduction, nor to make any high sounding promises. A few words as to our object and intentions will suffice. To give to the people of the enterprising town and prosperous district of Moose Jaw a newspaper that will be welcomed in the busy office and in the home reading circle, is our ambition. We shall aim to give each week a record of the happenings in our midst, prepared with no bias of prejudiced sectional or partisan feeling.

To deal with party politics is without the limits of the vocation of the local newspaper. Its mission, we take it, is to give fully and concisely as occasion warrants, the local news. Therefore with or against the existing political parties we are not ranged. When governments do that which to us seems right, we will commend them.

In all matters affecting the interests of our constituency, whether they pertain to Municipal, Territorial or Dominion affairs, we shall advocate the right, and shall strenuously support every movement that is for the benefit of the district.

In conclusion we may say that THE TIMES is not, and so long as the name of the present proprietor remains at the head of this column will not be, the organ of any section or clique. The ownership is vested solely in him, and he has none but a legitimate axe to grind. That axe is business. He will conduct THE TIMES as a business venture purely and simply. The measure of success attained will be accepted as an index to his business ability and integrity.

THE TERRITORIAL EXHIBITION.

The assurances of success for the proposed Territorial Exhibition in 1895—the suggestion of which emanated from His Honor, Lieut. Governor Mackintosh—are becoming numerous and pronounced. The Dominion Government will grant \$25,000 towards the enterprise, and it goes without saying that the North-West Government will lend all the monetary assistance that may be possible. The Canadian Pacific Railway Company and the Hudson's Bay Company have already made known their willingness to extend valuable assistance to the project.

It remains for the people of the Territories to join heart and hand with the promoters of lesser influence to carry the scheme to a satisfactory conclusion, for upon the people themselves depends ultimately the success or failure of the exhibition. The Battleford Herald sounds a good note in urging an immediate commencement

of preparations. That no locality or town has boasted nor put forward important claims regarding the place to be chosen in which to hold the exhibition, is a matter for gratification. We believe the North-West capital will be found in possession of the most advantageous position, and are aware that the municipal authorities and citizens of Regina, who have been approached already, are desirous, in the event of that point being selected, of doing the handsome thing by the Territorial Exhibition.

THE LATE ARCHBISHOP TACHE.

His Grace Archbishop Tache, of St. Boniface, passed away on Friday last. The Roman Catholic Church has lost, in his death, one of its most gifted and intellectual prelates, and Canada one of her eminent sons. His whole life, since his entrance into the priesthood, has been devoted to missionary work among the Indian tribes of the North-West Territories. For over forty years the venerable prelate toiled and spread the Gospel of Christ to the savage tribes of Hudson Bay, Labrador, the Red River and the North-West, undergoing many privations and perils in carrying out his Christian mission. The history of the Hudson Bay Territories and the North-West for close on half a century, is interwoven with many brilliant pages, in which the wisdom, tact, and political sagacity of the deceased, aided in the government and development of this portion of the Dominion. He was not only a great Archbishop, but also a distinguished diplomat and statesman, combining a strong determination and will with a fine, old fashioned courtesy, which was indeed his great strength and success in the many difficult and intricate negotiations he undertook for the Church, and Government during his long career. Archbishop Tache was born at Riverview, Quebec, on 23rd July, 1823.

THE DARK HORSE IN WHEAT.

The Trade Bulletin under the above heading in its last issue has the following on South American wheat:

"Argentine has been the dark horse which has upset all calculations in the wheat trade, and caused Chicago to play second fiddle in the world's consumptive wheat markets; but the most remarkable feature in this new source of the wheat supply is that present unpriced low prices have not in the least deterred growers from prospecting this new industry, for, according to private letters from the River Plate preparations are already being made for planting an acreage of over four times that of the last crop, which means a yield of about 260,000,000 bushels in place of the late crop of 66,000,000 bushels, only 24,000,000 bushels of which have as yet been exported. Now then, Chicago, what are you going to do about it? If Argentine continues to produce wheat at such an alarming ratio of increase, in a year or two her production will exceed that of the United States and Canada. A great deal has been said about the inferior quality of the wheat of the South American Republic, but this is more in imagination than fact for we are assured by a party who was shown a sample of flour ground from Argentine wheat, that it compared favorably with the best flour ground from American wheat. England, it seems, is taking Argentine wheat in preference to the product of the United States and Canada, for the reason that the Southern Republic is taking return cargoes of English manufactured goods. This is only natural when the high tariff walls erected by the United States and Canada are taken into account. Of course the remarkably low prices of Argentine wheat laid down in England, namely 55c. per bushel, is the main inducement, but there can be no doubt that Great Britain prefers to deal with those countries which throw the least obstacles in the way of reciprocal trading. It is not a little significant that the present enormous increase in the wheat production of Argentine has been evolved from the panicky crash that ruined the poor Barings, and is now redounding to England's profit in the shape of cheap wheat. As long as the dark horse Argentine holds the lead on the wheat track, it is useless for Chicago to attempt to play the 'bull' game, despite the unprecedented depth to which prices have sunk."

FAIRNESS IN JOURNALISM.

The Woodstock Sentinel-Review is a consistent and able exponent of Liberal doctrines, a staunch supporter of the Liberal party. In a recent issue, this Liberal paper gave a sketch of the Ontario Conservative leader, Mr. Meredith, the nature of which drew forth the following letter from a Conservative friend of Editor Pattullo, Dr. Williams, of Ingersoll:

Ingersoll, May, 30th, 1894.

Mr. Andrew Pattullo, Editor Sentinel-Review:

Dear Sir,—In the Sentinel Review of the 25th inst., you gave a brief sketch of Mr. W. R. Meredith, leader of the Opposition in the Ontario Legislature. In brief, he is represented as a ripe scholar, a clever lawyer, an able and loyal Canadian. This is so out of the common with political papers in our country, and at a time, too, when a party contest is just on, that I am led to congratulate you on having your patriotism so far developed that you can do honor to a worthy Canadian, though not of your party. As a reader of your paper, I had before been led to suspect that all the estimable qualities were not confined to one party. Now I am fully convinced. As Canadians, having a common interest in our loved country, would it not be better were we more frequently to recognize honesty, ability and patriotism in our political opponents, and not be led to think them necessarily corrupt and rascals because they may not see eye to eye with us on all questions? May we not hope that the dawn has been reached of the day when politics can be discussed free from personalities, and when we may be permitted to recognize merit and ability in all Canadians who may possess them, irrespective of politics. I congratulate you that you have made a break in this direction.

Yours very respectfully,

J. ARTHUR WILLIAMS.

Commenting on the letter the Sentinel Review says:

We have always felt a contempt for the personal abuse, the unfairness and the partisan blackguardism which so greatly marred political life in the past, and which has not been got rid of entirely even in the present day. And we have felt for years past an increasing desire and determination to do something to bring about better and higher conditions in public life and in party contests. We see no inconsistency in recognizing Mr. Meredith's good qualities, while we strongly oppose his political course on certain public questions. And if we are ever to get rid of the narrow bigotry and the disgusting abuse of public men which breaks forth like a blighting volcano every few years, it is perhaps better that just things should be said of an honorable opponent in the midst of a political contest than at any other time.

Lord Rosebery, in addressing a gathering at Eton, said that notwithstanding representations of various kinds which had reached him from various quarters, he did not feel one vestige of shame in possessing a good horse that could win races.

In the house of commons on Monday discussion arose on the item of travelling allowance for the North West Lieutenant-Governor, which was materially increased. Hon. Mr. Daly explained that the Hon. Joseph Royal, the late incumbent, who remained in office during the first four months of this financial year, had, in that short term, succeeded in spending the larger half of the amount voted for the whole year. It was therefore necessary to make further provision for his successor who was left with a very scant allowance.

Roger, the celebrated French tenor on one occasion was engaged for the sum of 1500 francs to sing at the house of a rich financier. Roger sang his first song magnificently; but no one paid him the slightest attention and the guests talked their loudest. Presently the host thought the time had come for another song, and sent for Roger. He could not be found and that evening was seen no more. Next day a note came from him, accompanied by the sum of 2000 francs. The note ran thus: "I have the honor to return 1500 francs which I received for singing at your party; and I beg leave to add 500 francs more for having so greatly disturbed the conversation of your guests."

WANTED.—A good dining room girl. Wages \$15 per month. Address, Wainwright & Blake, Portal House, North Portal.

Fourteen years' imprisonment seems a light enough punishment for the two scoundrelly troopers who by stealing Lobengula's peace offerings to the British force are held to have been responsible for the expedition and massacre by the Matabele of Capt. Wilson's brave little band.

A political meeting was held last week in Massey Hall, Toronto (the magnificent structure recently donated that city by Mr. H. A. Massey). Roughs predominated at the meeting, which waxed exceedingly turbulent, and the hall trustees have since decided to exclude politicians from within its walls henceforth. Thus is the poor politician judged by the company that he keeps.

Sadi Carnot, president of the French Republic, was assassinated on Sunday evening at Lyons, by an Italian anarchist named Cesario, who pressed through a crowd, mounted the steps of the president's carriage and drove a dagger into his side. We echo a sentiment already forcibly expressed, "let the assassin be led to the guillotine without delay." Such criminals deserve no mercy, but let them have a full measure of justice, which means speedy extermination. We venture to predict that a sharp contrast will be manifest between the French court's treatment of Cesario's case and the shuffling at Chicago in the case of Prendergast, the assassin of Mayor Harrison.

H. Corby, Member of Parliament for Western Hastings, surprised the House of Commons on Friday last by handing in his resignation. Mr. Corby is a Belleville distiller. Since the Government assumed the manufacture of methylated spirits, the low grades from the distilleries have been bought by the Government. It appeared that the Department of Inland Revenue, in the ordinary course of business, gave an order to Mr. Corby amounting to \$4,552. Mr. Corby claims that he did not know that his action was in contravention of the Independence of Parliament Act. When he became aware of the fact, he at once tendered his resignation of his seat. It is probable that special provision will be unanimously agreed upon to relieve him from the penalties following upon the infringement of law.

The North-Western Line

Note the following from the World's Fair letter in the Minneapolis Spectator:

"The committee which compiled statistical information relating to American railways were high in their praise of the manner in which the great roads prepared facilities in caring for the enormous traffic occasioned by the World's Fair and while all the Chicago-St. Paul lines were commended in favorable terms, the North-Western Line was especially commended as between Chicago, St. Paul and Minneapolis. This gave another laurel to those already gained by Minnesota, as the North-Western Line—St. Paul, P. M. & O. Railway—is one of the recognized roads of the North Star State."

Our trains are equipped with Vestibuled Gas-lighted Buffet Sleepers and Free Pulling Chair Cars.

Lacrosse at Regina.

On Saturday last our lacrosse team visited Regina to play a friendly game with the capital club. Although by specific agreement the match was purely a friendly one, and it was by invitation of the Regina club that the Moose Jaw players went down, the lacrosse enthusiasts of Regina did not make any very profuse exhibition of their friendship.

Arriving at the depot our boys were received by the hotel porters only, and during the following forenoon there was an entire absence of friendly recognition of the presence of the Moose Jaw team at the capital.

At fourteen o'clock the game was called, and when the teams lined up it was with surprise discovered that nearly half of the Regina team was composed of N. W. M. P. players, members of an entirely distinct lacrosse organization. Notwithstanding the manifest unfairness thus exhibited our players made no protest, feeling that as guests of the Regina club they were in duty bound to accept whatever treatment was meted out to them.

So the game commenced with the following teams:—

REGINA.	Goal.	MOOSE JAW.
Callender	Point	McNeil
Short	Center Point	Billy
Campbell	Defense	Harman
Stanhope		McIntosh
Miller		Richardson
Clark	Center Field	Samson
McLachlan		Two-or
Stevenson	Home Field	Watkins
Macdonald		Crough
Balfour	Outside Home	McLachlan
Brace	Inside Home	McLachlan
G. Howden	Field Captain	B. McLachlan
Deferre, Van Caran, Cummins, T. E. Birbeck and Mr. Hackett.		

From the start it was a hard-fought battle, with the odds considerably in favor of Moose Jaw. The Regina goal was pretty constantly besieged. After a magnificent contest lasting 40 minutes Moose Jaw scored, and it was an opinion freely expressed by the spectators and acquiesced in by the players, that Moose Jaw had the game at its disposal. Play was resumed and fifty more minutes passed before another goal was counted—this time by Regina. The goal was disputed, and it was afterwards universally decided that it was not a goal. But it counted. Soon after this Moose Jaw's hard luck came into play. Charlie Smith's knee knee got a wrench which should have sent him from the field, but because Regina would not consent to lay off any but a much weaker man, Charlie continued to play and his knee afterwards got another severe wrench. Then Simington twisted a weak ankle, and although he stayed on the field to the finish, since coming home he has walked on one leg and a crutch. With these mishaps Moose Jaw was so much weakened that Regina secured three additional goals in the last half hour.

After the match, as before it, our boys were left to their own devices, as far as the Regina players were concerned. However they were invited to the N.W.M.P. barracks and there received most hospitable entertainment.

NO MORE FITS.

Mrs. William Langley was Subject to Them for Five Years—Dodd's Kidney Pills, which Never yet Failed, Cured Her.

LONDON, June 26.—Mrs. William Langley, of 21 Euclid Ave., London South, has for the past five years been subject to fits. She was treated by doctors in Lansing and Detroit, Mich., and by three different physicians in London. No one of them could cure her. About two months ago she began using Dodd's Kidney Pills. Since then she has had no return of the fits. Today she is perfectly cured. Her trouble was undoubtedly due to kidney disorder, a fact which the physicians who treated her never discovered and consequently their treatment was in vain.

General Assembly Notes.

The meeting of General Assembly of the Presbyteries of Canada, held this year at St. John, N. B., closed on Friday last, having lasted nine days. Next year's meeting place lay between Winnipeg and London. London was chosen. A report upon the circulation and financial condition of the Presbyterian Record and The Children's Record showed that the circulation was 50,000 and 20,800 respectively. Four new presbyteries were erected, making nine instead of five, as formerly in the synod of Manitoba and the Northwest as follows:—The presbyteries of Super-

ior, Portage la Prairie, Melita, Glenboro. The first meetings will be held in Port Arthur, Portage la Prairie, Napiakwa and Glenboro, and the first moderators will be Messrs. Nairn, Wright, White and Haig respectively.

A lengthy discussion followed the bringing in of an overture from a western synod, which asked for the uniting of the work conducted at present by four committees of the church. On the grounds of expense as well as of difficulty in securing satisfactory returns, it was asked that one committee act instead of four. The Assembly agreed to a proposal to let the presbyteries of the church express themselves upon the subject for a year.

Another overture from the Presbyteries of Brandon and Calgary bearing upon changes in the composition of the Home Mission Committee was reported upon by a committee specially appointed by the assembly. The committee expressed themselves as failing to see any reason for the change. The assembly took the same view, although a future examination into the question was ordered.

NOTICE.

THE following is a summary of the Regulations with respect to the manner of recording claims for MINERAL LANDS other than Coal Lands, and the conditions governing the purchase of the same.

Any person may explore vacant Dominion Lands not appropriated or reserved by Government for other purposes, and may search therein, either by surface or subterranean prospecting, for mineral deposits, with view to obtaining a mining location for the same, but no mining location shall be granted until actual discovery has been made of the vein, lode, or deposit of mineral or metal within the limits of the location of claim.

A location for mining, except for Iron, shall not be more than 1,500 feet in length, nor more than 600 feet in breadth. A location for mining Iron shall not exceed 160 acres in area.

On discovering a mineral deposit, any person may obtain a mining location, upon marking out his location on the ground in accordance with the regulations in that behalf, and filing with the Agent of the Dominion Land for the district, within sixty days from discovery, an affidavit in form prescribed by Mining Regulations, and paying at the same time an office fee of five dollars, which will entitle the person so recording his claim to enter into possession of the location applied for during the period of one year. The entry will be renewed from year to year provided the sum of one hundred dollars at least has been expended in actual mining operations on the claim within each and every year.

At any time before the expiration of five years from the date of recording his claim, the claimant may, upon filing with the Local Agent that he has expended \$500 in actual mining operations on the claim, by paying to the Local Agent, therefor, \$5 per acre, cash, and a further sum of fifty dollars to cover the cost of survey, obtain a patent for said claim, as provided in the said Mining Regulations.

Copies of the Regulations may be obtained upon application to the Department of the Interior.

A. M. BURGESS,
Deputy of the Minister of the Interior.

Department of the Interior,
Ottawa, July 1890.

North West Territories.

All even-numbered sections of Dominion Lands in Manitoba or the North-West Territory, except 8 and 26, which have not been homesteaded, reserved to provide wood lots for settlers, or other purposes, may be homesteaded by any person who is able to lead a family, or other person over twenty years of age, to the extent of one quarter section of 160 acres, more or less.

ENTRY.

Entry may be made personally at the local land office for the District in which the land to be taken is situated, or if the homesteader desires, he may, upon application to the Minister of the Interior, Ottawa, or the Commissioner of Dominion Lands, Winnipeg, receive authority for some one to make entry for him. A fee of \$10 is charged for an ordinary homestead entry; but for lands which have been reserved as additional fee of \$10 is chargeable to meet inspection and cancellation expenses.

HOMESTEAD DUTIES.

Under the present law homestead duties may be performed in the following way, namely, by three years' cultivation and residence, during which the settler may not be absent more than six months in any one year without forfeiting the entry.

APPLICATION FOR PATENT

may be made at the end of the three years, before the local agent, or the homestead inspector. Before making application for Patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands of his intention to do so. When, for convenience of the settler application for patent is made before a homestead inspector, a fee of \$5 is chargeable.

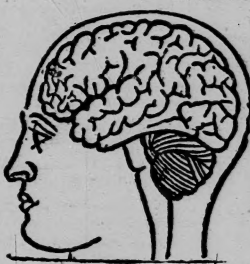

INFORMATION.

Newly arrived immigrants will receive at any Dominion Land Office in Manitoba or the North-West Territories information as to the lands that are open for entry, and from the officers in charge, free of expense, advice and assistance in securing lands to suit them; and full information respecting the land, timber, coal or mineral laws, and copies of these Regulations, as well as those respecting Dominion Lands in the Railway Belt in British Columbia, may be obtained upon application to the Secretary of the Department of the Interior (Immigration Branch) Ottawa, or the Commissioner of Dominion Lands, Winnipeg, Manitoba; or to any of the Dominion Land Agents in Manitoba or the North-West Territories.

Dep. Min. of the Interior.

THE GREAT SOUTH AMERICAN NERVINE TONIC

AND
STOMACH AND LIVER CURE
The Wonderful **HEALTH BUILDER & NERVE FOOD**
Chronic Diseases are caused by Deranged Nerve Centres at Base of the Brain.

LATE discoveries have absolutely proven that the Stomach, Lungs, and indeed all internal organs are controlled by the nerve centres at the base of the brain. The manufacturer of SOUTH AMERICAN NERVINE has studied this subject closely for more than twenty-five years, and has demonstrated that two-thirds of all Chronic Diseases, are due to the imperfect action of nerve centres, either within or at the base of the brain, not from a derangement of the organs themselves; hence that the ordinary methods of treatment are wrong.

As all know, a serious injury to the spinal cord, will at once cause Paralysis of the body below the injured part; it therefore will be equally well understood, how the derangements of the nerve centres, will cause the derangement of the different organs of the body which they supply with Nerve Fluid or Nerve Force.

The wonderful success of SOUTH AMERICAN NERVINE is due alone to the fact that it is based on the foregoing principle. The use of a single bottle of this remedy will convince the most incredulous. It is indeed, a veritable Nerve Food and Will Relieve in One Day the varied forms of Nervous Disease and Stomach Troubles.

Nervous Diseases.
This class of diseases, is rapidly increasing each year, on account of great wear our mode of living and labor imposes upon the nervous system. Ninety-ninths of all the ailments to which the human family is heir, dependent upon nervous exhaustion, impaired digestion, and a deteriorated and impoverished condition of the blood. The SOUTH AMERICAN NERVINE is a great nerve food and nerve builder and this accounts for its marvellous power to cure the varied forms of nervous disease, such as Neuralgic Nervousness, Nervous Prostration, St. Vitus's Dance, Nervous Cholic, Nervous Paroxysms, Twitching of the Muscles, Hot Flashes, Mercurial Despondency, Forgetfulness, Sleeplessness, Restlessness, Nervousness, Females, Palpitation of the Heart, Sexual Weakness, etc., etc.

A SWORN CURE FOR ST. VITUS'S DANCE.
My daughter, twelve years old, had been afflicted for several months with St. Vitus's Dance. She was reduced to a skeleton, could not walk, could not talk, could swallow anything but milk; I had to handle her like an infant. Doctors and neighbors all failed. I commenced giving her the SOUTH AMERICAN NERVINE, and the effects were very surprising. In three days she was rid of the nervousness, and rapidly improved. I think the SOUTH AMERICAN NERVINE the greatest remedy ever discovered, and would recommend it to everyone.

A WONDERFUL CURE FOR INDIGESTION and DYSPEPSIA.
Loss of Appetite, Weight and Tenderness in the Stomach, Sour Stomach Pain in the Stomach, Wind upon the Stomach, Nausea and Sick Stomach, Sick-Headache, Hiccough, Water-Brash, Heartburn, Vertigo and Dizziness, Sleeplessness, Frightful Dreams, etc., etc.

The Stomach suffers more than any of the other organs from disease because into it are taken so many indigestible and irritating substances, articles of food. In its great effort to digest these, it soon becomes weak and diseased. Under such circumstances, it is not wonderful, that so much complaint of Indigestion and weak stomachs. When the Stomach fails to digest and assimilate the food, the whole body falls into a state of weakness and decay. Nature has decreed that the body must constantly receive nutrition through the Stomach, to repair the waste of tissue constantly going on in the system.

The South American Nervine
Is probably the greatest remedy ever discovered for the cure of all Chronic Stomach troubles, because it acts through the nerve centres. It marks relief in **one day**, and very soon effects a permanent cure. First bottle will convince anyone that a cure is certain.

WHAT EX-MEMBER OF PARLIAMENT, REUBEN E. TRUAX, SAYS.
I have been for about ten years very much troubled with indigestion and dyspepsia, have tried a great many different kinds of patent medicines, and have been treated by a number of physicians and found no benefit from them. I was recommended to try SOUTH AMERICAN NERVINE, obtained a bottle, and I must say I have found very great relief, and since taking two more bottles, and now feel that I am entirely free from indigestion, and would strongly recommend all my fellow sufferers the disease, to give SOUTH AMERICAN NERVINE an immediate trial.
It will cure you.

In Bed Six Years
GENTLEMEN: I received a letter from you Mr. stating that you had heard of my wonderful cure from a spell of sickness of six years duration, the use of South American Nervine, and for my testimonial. I will gladly state how I was cured and how I was delivered from my pain and suffering. I was near thirty-five years old, when I took with nervous prostration. My family physician told me, but without benefiting me in the least. My nervous system seemed to be entirely shattered, and I could not have very severe shaking spells. In addition to would have vomiting spells, and there would be from eighteen to twenty days at a time I could not retain anything on my stomach. Many consultations were held by various doctors, but they all agreed that I would never leave my bed. During the time I could not get up, and one day saw an advertisement of your medicine concluded to try one bottle. By the time I had taken one and one-half bottles I could get up and take a step or two by being helped, and after I had taken five bottles I felt real well. The shaking went away gradually, and I could eat and sleep good. My friends could scarcely believe it was I. I am sure this medicine is the best in the world. It was a god's gift to me, and I believe it saved my life. I give my name and address so that if anyone doubts my statement they can write me, or our postmaster or any of all are acquainted with my case. I am now forty-one years of age, and expect to live as long as the Lord has use for me and do all the good I can in helping the suffering.

VALEDICTORY.

Owing to a combination of circumstances over which I had not control, the MOOSE JAW TIMES has passed to other hands and these are probably the last words I shall address to its readers.

For two-and-a-half years I have endeavored to give the public as good a paper as circumstances would allow and my ability could produce. That the MOOSE JAW TIMES has fallen far short of what it should and might have been I am painfully aware. I cannot, however, attach all the blame to myself. No community is safe where there is an absence of vigorous, hearty public opinion, and where, in the hearts of the people, the overwhelming greed for the almighty dollar is so paramount. No enterprise dependent upon the public for support can hope for anything but inevitable failure. A newspaper sometimes has what is known to the craft as a patent inside. An editor never has. He is a creature of flesh and blood, and, although the fact may be a surprise to many, he requires food and clothes. Wholesale people, moreover, while the curliousness in so doing merits the indignation of every right minded person, ask to be paid when they supply newspaper offices with ink and paper.

During my brief editorial career I have made a few friends and a good many enemies, but before taking leave of the readers of THE TIMES, I wish to say that if anything has ever appeared in its columns that has given a single person undeserved annoyance or pain I freely and frankly apologize for the same.

The Moose Jaw field is now occupied by two newspapers. In commending them to the tender mercies of the people of Moose Jaw, I do so in the sincere hope that their editors will discover the open sesame to the sympathies of the people, that they will receive their encouragement and generous support, and that their journalistic efforts will not be entirely the labor of love that mine have been.

HAMILTON LANG.

A STEP IN THE RIGHT DIRECTION.

Mr. Ross, our local Member, informs us that the Lieutenant-Governor-in-Council has been pleased to pass an order-in-council setting aside the Moose Jaw electoral district as a Registration District under Ordinance No. 18 of 1889, intitled "An Ordinance respecting Mortgages and Sales of Personal Property." The provisions of this order will not take effect until August 1st, so that publicity may be given and confusion avoided. The order provides that the registrations now made in Regina shall not be affected.

The change will be appreciated by our business men and the public generally, and we trust it is a step towards other important changes in regard to legal procedure, which our Member informs us will be made in the near future.

Mr. Seymour Green will receive the appointment of District Registrar.

BUSINESS NOTICE.

THE TIMES with this issue commences under new management. The connection of the former proprietor with the business was severed on Saturday, 23rd June. The severance was so affected that his successor incurs no liabilities on account of old business, nor do any accounts fall to him to collect. The slate is perfectly clean.

Sample copies of THE TIMES are being sent to every part of the Moose Jaw District. Subscribers are wanted, and as a means to secure them the paper will be placed in the hands of every newspaper reader in the town and contiguous country. A liberal commission will be allowed to agents.

A live correspondent is wanted in every settlement to keep THE TIMES readers informed of affairs and happenings therein. Write or call for instructions and supplies.

POUND NOTICE.

Impounded on Sec. 31, Tp. 15, Rg. 25, West of 2nd Mer., one sorrel pony about seven years old, cropped tail, branded on right hip. One small buckskin mare short mane and tail, four white feet, about seven years old, no brand.

Take notice that unless the above stock are claimed within ten days after date they will be sold by public auction according to law.

A Resolution of Conference.

The following resolution was adopted by the Methodist conference in Winnipeg:—

Moved by Hon. J. W. Sifton, seconded by Rev. Jno. McDougall, that as a conference we express our profound sympathy with that portion of our fellow-citizens now made to mourn because of the death of Archbishop Tache, which took place yesterday. A great man and one whose name and life were closely connected with the history and development of Manitoba and the North-West has been taken from our midst, and under the influence of our common Christianity, we mourn with those who mourn.

Police Court.

Beofre Seymour Green, Esq., J. P., the town inspector charged Alex. Z. as with insulting and abusive language. The defence pleaded not guilty. The difference arose over the impounding of a cow. The evidence of the inspector was corroborated by an eye witness for the prosecution. The defendant gave evidence on his own behalf. Mr. Gordon appeared for defendant and pleaded justification. Defendant was fined one dollar and costs.

The Schools.

The school term ends on Friday of this week, and the six weeks' vacation commences.

Promotion and High School Entrance examinations were held this week continuing three days—Tuesday, Wednesday and Thursday. There are some sixteen candidates for Entrance in the Moose Jaw school.

The Territorial teachers' exams. begin on Tuesday next and will continue throughout the week. Mr. Hamilton Lang will be the presiding examiner at Moose Jaw, which school will send up about half a dozen candidates for examination.

Shake, Brother Watkins.

The Virden Chronicle newspaper, owned by Messrs. Macdonald and Watkins, has been removed to Moose Jaw and will be issued as the Moose Jaw Chronicle. Mr. Watkins will manage the paper. Moose Jaw hitherto has been without a large field for one paper. THE TIMES however will never deprecate enterprise. We admire it in whatever guise it is presented. So, shake, Brother Watkins. To borrow language from Shakespeare's imitator, "We'll stay with you."

Ontario Elections.

The general elections in Ontario on Tuesday resulted in the return to power of the Mowat government, which has already held office for twenty-two consecutive years. The contest was one of the keenest and most exciting ever fought in that province. The Opposition carried the four Toronto seats with sweeping majorities. London returned Hon. W. R. Meredith, the Conservative leader, by a majority of only 135. Ottawa and Hamilton both returned two Liberals. The Premier was elected in North Oxford by 400. The latest returns at hand show that the government have a majority of less than half-a-dozen over all other parties. The standing is about as follows: Government 49, Opposition 25, Patrons 15, P.P.A. 3; 3 places to hear from.

HOW

Is your soft water? An unpleasant feeling comes over you as you near the bottom of the barrel and think of washing yourself with hard water water and ordinary toilet soap. You blow the curdy stuff back and say, "Oh dear, I wish it would rain!" Haven't you often done it?

Possess your soul in peace. There is no trouble washing with hard water if you use our HARD WATER SOAP. It produces a nice creamy lather and none of that curdy substance ever appears. 10 cents a cake; 25 cents a box of 3.

While talking of soap, why do you buy the common toilet soaps known to the trade as "Grocery Toilets" when you can get fine milled soaps for the same money. Ask to see our soaps and be convinced.
